Maryland taxpayers spend approximately $288 million to incarcerate 7,794 people from Baltimore City. The burden of incarceration is disproportionately felt by some communities. The same communities that experience incarceration most acutely also have the greatest challenges serving their residents. Rather than spend millions of dollars to incarcerate people from each of these communities, the funds could, instead, be invested in education, workforce development, treatment, and housing services.

Number of people in prison from Washington Village/Pigtown: 67  
Cost of incarcerating people from Washington Village/Pigtown: $2,479,000
