EXPLANATION OF SYMBOLS

The following are the only symbols used for the purposes indicated below:

C - To signify Changed Regulation.

D - Delete or Discontinue

I - Change Resulting in an Increase to a rate

M - Moved from Another RTC Location

N - New

R - Change Resulting in a Reduction to a rate

S - Matter Appearing Elsewhere or Repeated for Clarification

T - Change in Text But No Change to Rate or Charge

V - Signifies Vintage RTC

Z - Correction
RTC FORMAT

A. **Page Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the RTC. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc., the most current sheet number on file with the Commission is not always the RTC page in effect. Consult the Check Sheet for the sheet currently in effect.

C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

```
2.
2.1.
2.1.1.
2.1.1.A.
2.1.1.A.1.
2.1.1.A.1.(a).
2.1.1.A.1.(a).I.
2.1.1.A.1.(a).I.(i).(1).
```

D. **Check Sheets** - When a RTC filing is made with the Commission, an updated Check Sheet accompanies the RTC filing. The Check Sheet lists the sheets contained in the RTC, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The RTC user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

The Company does not normally require advance payments for service. However, for Customers whom the Company determines an advance payment is necessary, ICS reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. In compliance with the FCC's Universal Service Orders, the Company is required to pay a percentage of its retail revenues to support the Universal Service Fund (USF). The Company will adjust its charges to include the applicable USF assessment. This amount is in addition to standard usage charges and any applicable service charges and surcharges associated with the Company's service. The Company’s Universal Service cost recovery will match the relevant quarterly Universal Service Contribution Factor approved by the FCC rounded up to the nearest tenth of a percent. 2.9  Payment for Service, (Cont'd.)

Where a requested billing method cannot be validated or maximum credit amount established, the Company may refuse to provide service.

Services provided by the Company are available to inmates of confinement facilities in accordance with facility-authorized programs. The Company may request that the confinement facility adopt, as part of its program, terms that enable the Company to collect the charges for all inmate calls, including without limitation, the blocking of calls by the Company to certain telephone numbers when the amount charged to such a telephone number exceeds a predetermined amount or becomes past due.

Any applicable late payment fees will be assessed according to the terms and conditions of the Company or its billing agent.
SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.10 Interconnection

C. In the event of a Customer's or Subscriber's use of equipment in such a manner as to adversely affect the Company's equipment or the Company's service to others.

D. In the event of fraudulent use of the service.
SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.12 Inspection, Testing and Adjustment

Upon reasonable notice, the facilities provided by the Company shall be made available to the Company for tests and adjustments as may be deemed necessary by the Company for maintenance.

The institution may block calls to specific telephone numbers and may limit calling service to pre-approved telephone numbers only. Call duration may be limited by the institution.

2.14 Use of Recording Devices

Subscribers who use recording devices do so at their own risk. Subscribers may use a recording device only in compliance with the requirements of local, state, and federal laws.

2.15 Adjustment to Rates and Charges

The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, the Universal Service Fund (USF), and compensation to pay telephone service providers for the use of their pay telephones to access the Company's service.
SECTION 3 - SERVICE DESCRIPTIONS AND RATES

3.1 General

The Company offers domestic interstate and international automated operator assisted collect-only calling services for use by inmates of prisons, jails or other Confinement Institutions. Inmate access to the Company's services may be restricted by the administration of the Institution served. The Company's services are available twenty-four hours per day, seven days a week. Unless otherwise specified in this RTC, intrastate service is offered in conjunction with interstate and international service.

Customers are charged individually for each call placed through the Company's network. Charges may vary based on individual contracts between the Company and Institutions. Customers are billed based on their use of the Company's services and network.

3.2 Timing of Calls

3.2.1 Billing for calls placed over the Company's network is based in part on the duration of the call as follows, unless otherwise specified in this RTC.

3.2.2 Timing of each call begins when the called station is answered (i.e. when two way communications are established.) Answer detection is based on standard industry answer detection methods, including hardware and software answer detection. For Collect Calls, charges apply only if the called party accepts the responsibility for payment. For Person to Person Calls, charges apply only if the calling party is connected with the designated called party or an agreed upon substitute.

3.2.3 Chargeable time for each call ends when one of the parties disconnects from the call.

3.2.4 Unless otherwise specified in this RTC, the minimum Initial Period for billing purposes is one (1) minute.

3.2.5 Unless otherwise specified in this RTC, billing for Additional Periods (usage after the Initial Period) is in full one (1) minute increments.

3.2.6 The Company will not knowingly bill for unanswered calls. When a Customer indicates that he/she was billed for an incomplete call, the Company will reasonably issue credit for the call. notification, investigate the circumstances of the call and issue a credit when appropriate.
SECTION 3 - SERVICE DESCRIPTIONS AND RATES, (CONT'D.)

3.3 Miscellaneous Charges

3.3.1 Bill Statement Fee

In order to partially offset increased expenses associated with billing calls via local exchange carriers, a bill statement fee may apply each billing period in which local or long distance collect calls are billed through a Customer’s local exchange carrier. This fee will be charged only once per billing period regardless of the number of calls. The fee will not apply in any billing period in which no collect calls are billed via the Customer’s local exchange carrier. This fee does not apply to prepaid services paid for by commercial credit card, check, money order or wire, or for services billed directly to the Customer by the Company.

Bill Statement Fee, per month where applicable, up to $2.49

3.3.2 Voice Verification Service

Voice Verification Service is an optional service that provides validation of the inmate's identity through voice verification technology for purposes of improved security and reduced potential of fraud and Customer harassment by inmates. This charge applies to automated calls placed by inmates of correctional facilities when such calls are provided through the Company's own processing equipment. Where Voice Verification Service is requested by correctional facilities, this charge applies in addition to all applicable institutional rates and charges as specified in this tariff.

3.4 ICS Institutional Automated Collect Operator Service – Service Description

ICS provides Institutional Automated Collect Operator Service to inmates of confinement facilities. Service may be limited by the administrators of the institutions as to availability, call duration or calling scope. Calls are billed to the Called Party. The Called Party must actively accept charges for the call. A per-call service charge applies to each call.

Institutional automated collect operator service allows inmates to make collect calls to terminating locations anywhere within the state. An automated system prompts the caller and the called party through user-friendly instructions. The called party must accept responsibility for payment of the charges by dialing the designated digit for acceptance. If a call is not accepted within five (5) seconds of the automated voice recording prompt, the automated recording is replayed a second time. If an acceptance digit is not received five (5) seconds after the second recording is completed, the call is terminated by ICS' system.

Use of the automated collect calling service is subject to the rules and regulations of the Commission and the institution's administrative restrictions.

3.4.1 Classes of Calls

Automated Collect Station Calls: are calls which are placed by an Inmate who dials all of the digits required to route the call and who follows the ICS system prompts, enabling the Called Party to accept the charges for the call. If the Called Party does not accept the call, the call is terminated and no billing applies.

3.5 ICS Prepaid Institutional Calling Services – Service Description

3.5.1 General

ICS Prepaid Institutional Calling Services provide alternative payment arrangements for inmates in Confinement Institutions. This service is designed to offer a calling alternative for the following circumstances:

A) Called parties who utilize the services of local exchange carriers that do not offer third party billing of collect calls; and
B) Called parties whose credit history is inadequate to receive collect calls; and
C) Inmates who wish to utilize their commissary funds for call placement; and
D) Called parties who wish to budget their monthly expense for collect calls.

Prepaid Institutional Calling Services are not subject to the Deposit and Advance Payment provisions found in Section 2.

Two options are available with Prepaid Institutional Calling Services. The first option, the Debit Card/Debit Account, allows the inmate (via the Institution personnel) to set up his/her own account/card at the Confinement Institution; the second option, Prepaid Collect Service, allows the Called Party who receives collect calls from inmates to set up his/her own prepaid account.
SECTION 3 - SERVICE DESCRIPTIONS AND RATES, (CONT'D.)

3.5 ICS Prepaid Institutional Calling Services – Service Description, (Cont’d.)

3.5.1 General, (Cont'd.)

A. Debit Card or Debit Account

With a Debit Card or Debit Account, each inmate has the option to transfer funds from his/her commissary account to purchase a debit card or have calls paid for directly out of the inmate’s commissary account. This is accomplished by facility personnel or through a direct interface between the commissary system and the inmate phone system. This account is associated with the inmate’s Personal Identification Number (PIN). When the inmate places a call, he/she has the option of calling collect or debit. Once debit is selected, the inmate enters the PIN and called telephone number. All purchases on a Debit Account are paid to and handled by the Institution. The Company receives payment from the Institution; it does not engage in direct monetary transactions with the inmate. Debit cards or Debit Accounts may be purchased in any amount subject to the requirements or restrictions of the Confinement Institution.

The Company's system automatically informs the caller of the amount of purchased services applied to or remaining on the Prepaid Account, and provides prompts to place a call by entering the destination telephone number. The charge for network usage is deducted from the Account on a real time basis as the call progresses.

Debit Card or Debit Account services expire six (6) months from the date of purchase/sale. Since services are consumed in the order purchased, each new purchase will typically reset the expiration timeframe. Consumers may cancel services and request a refund prior to expiration. No refunds will be issued after the service expiration date.
SECTION 3 - SERVICE DESCRIPTIONS AND RATES, (CONT'D.)

3.5 ICS Prepaid Institutional Calling Services – Service Description, (Cont’d.)

3.5.1 General, (Cont'd.)

B. Prepaid Collect Service

Prepaid Collect Service is available for those parties (Customers) who receive collect calls from inmates in Confinement Institutions. Upon request, a prepaid account is set up by the Company for the Customer. The inmate will receive an authorization code and instructions for accessing and using the service. If the payment into the account is provided via the Customer’s credit card, credit verification procedures are carried out under the terms specified in Section 2 of this tariff. Payments to the account are made to and handled by the Company via arrangement with a specified financial institution. The Company does not engage in direct monetary transactions with the inmate.

The Company's system automatically informs the account holder of the balance of purchased services applied to or remaining on the Prepaid Account prior to acceptance of the call. The charge for network usage is deducted from the Account in full minute increments on a real-time basis as the call progresses. The account holder will also receive a reminder message when the account balance has one minute of usage remaining. All calls must be charged against an Account that has sufficient available balance. Calls in progress will be terminated by the Company if the balance on the Account is insufficient to continue the call.

Prepaid Collect services expire six (6) months from the date of purchase/sale. Consumers may request a refund for any unexpired services. Since services are consumed in the order purchased, each new purchase will typically reset the expiration timeframe. Consumers may cancel services and request a refund prior to expiration. No refunds will be issued after the expiration date.

Initial or additional purchases of prepaid services may be made via selected retail outlets with which the Company may contract to receive Customer payments, or via Western Union, commercial credit card, debit card or e-checks. Payments may be made in any amount.

Prepaid Collect Services are available 24 hours a day, seven days per week. Access to telephone service by an inmate may be subject to time of day and usage restrictions imposed by individual Confinement Institutions. No minimum service period applies.

Charges for network usage for Prepaid Institutional Calls are deducted from the Account in full minute increments on a real-time basis as the call progresses. The account holder will also receive a reminder message when the account balance has one minute of usage remaining. All calls must be charged against an Account that has sufficient available balance. Calls in progress will be terminated by the Company if the balance on the Account is insufficient to continue the call.
