	POLICY		
	SANITATION & HYGIENE		
	REVISION DATE December 31, 2020	NUMBER 111.01	PAGE 2 of 6
STATEMENT OF AVAILABILITY *This Policy is to be made available in law libraries or other inmate resource centers.			

PURPOSE

To provide a uniform process for ensuring that adequate sanitation and hygiene will be maintained at all Nebraska Department of Correctional Services (NDCS) institutions/programs/central office.

GENERAL

It is the policy of NDCS to provide for adequate sanitation and hygiene for inmates and team members at all sites/buildings and institutions/programs. All plans and practices developed under this Policy shall be accordance with applicable portions of State Fire Marshal and the Nebraska Department of Health and Human Services (DHHS).

PROCEDURE

I. INSPECTIONS (5D-01)

A. Weekly

Weekly sanitation/fire safety inspections shall be conducted of all institutional areas by a designated team member. The designated team member shall use the form provided in (Attachment A) when doing the weekly inspection. The institutional safety specialist shall serve as coordinator of a sanitation inspection program and shall maintain all records of inspection reports.

B. Monthly

Monthly sanitation inspections shall be conducted by the facility Safety Specialist or other qualified team member. The designated team member shall use the form provided in (Attachment B) when doing the monthly inspection. This inspection may be combined with the monthly fire safety inspection, see to Policy 111.04, *Fire Safety and Emergency Evacuation Procedures*. (3B-02)

At the end of every month, the facility safety specialist will send a copy of all monthly sanitation inspections to the Warden and follow up should be at the discretion of the Warden.

C. Quarterly

Every quarter the NDCS Safety Coordinator will conduct a safety inspection of every facility. A report will be written and copies will be sent to the Director, Deputy Directors, the facility Warden, the Engineering Administrator, and the facility safety specialist. The safety specialist will write a response to the report no later than 30 days after the date of the initial report and send it to the Warden for approval. The Warden will review and initial the report and send the report to the NDCS Safety Coordinator.

D. External

External inspections shall be conducted by independent auditors, (Fire Marshal, Nebraska Department of Labor, and NDCS Safety Coordinator) to ensure and document compliance with all applicable laws and regulations related to sanitation and health.

E Report Requirements

All external inspection reports shall be forwarded to the facility Warden who shall assign a team member to correct deficiencies noted in the report. Copies of the reports and corrective actions shall be forwarded to the NDCS Safety Coordinator.

II. WATER SUPPLY

Each institution's water supply shall be certified by an independent, outside source to be in compliance with local laws and regulations. (5D-02)

III. WASTE DISPOSAL (5D-03)

A. Each institution shall have a written plan to cover the disposal of all facility waste. This plan shall comply with appropriate regulatory requirements and regulations. The plan shall be submitted to the proper local authority responsible for approval (dependent on location this may be the Nebraska Department of Environment and Energy, County Department of Health or appropriate city department). The plan will be reviewed annually, updated if necessary and resubmitted to the local authority for re-approval if changed. (LB 302)

B. The written plan for waste disposal will normally be a part of the Sanitation and Hygiene procedures. The plan should indicate means/methods for disposal of all waste that does not exit through the sanitary sewer system. This will include kitchen grease, recycled paper and metal, medical/infectious waste, waste oils and grease products, and any other facility waste products. Contracts for disposal of items that occur on a regular routine are recommended.

IV. PEST CONTROL AND WEED CONTROL

A. Each institution, programs and central office shall also provide a program for the control of vermin and pests. The program shall include the elimination of conditions conducive to harboring insects, rodents or other vermin and the use of licensed professionals. (5D-04)

B. In accordance with Nebraska Administrative Code; Title 25, Chapters 2 & 25, anyone applying restricted use herbicides or pesticides for pest or weed control must be trained and licensed. Training and testing is provided through the Cooperative Extension Service of the University of Nebraska. There is no charge for a noncommercial applicator license for (a) any applicator who is not a commercial applicator and used restricted use pesticides only on property owned or controlled by his or her employer or for a federal entity or state agency or political subdivision of the state or (b) any team member of a political subdivision of the state who uses pesticide for outdoor vector control on property which has public access.

V. HOUSEKEEPING

Each inmate shall be required to maintain sanitary living area conditions.

Each institution shall have a written housekeeping plan available for all areas. Housekeeping plans shall be forwarded to the institution safety/sanitation officer for review. This plan shall require the following:
